Biker friendly, good service, meals are great drinks average price. Accommodation as well; as camping is available.

Author comments. On the 9 Nov we stopped at Kandanga Hotel for The Mary River Festival. The publican was friendly took time out to discuss current bike laws with us and also organised some excellent camping (free) down at the old railway station.

Good variety of meals, good size and for those who don't have a big appetite, the children's meal will probably work, excellent coffee.

This is one pub I enjoy visiting and will return again.
